Signature Dish · Beef Puccia

# Ove Puccia's

---

*Puccia is a traditional bread from Puglia... The dough is first hand-stretched, then stonebaked in our searingly hot stone oven, where it then rises into a ball. The bread is slightly crispy on the outside but soft and moist on the inside. It is the perfect way to eat a burger as it captures all the tasty juices and the fresh baked dough smells divine...*
